## Importance of Geoinformatics

In the recent years the application of Geographical Information System (GIS) with input from Remote Sensing (RS) is becoming an essential tool for planners and decision makers. The use of GIS as a tool for integrating several themes on earth surface features, apparently uncorrelated at times, to arrive at a fruitful decision or for creating a model for an would be scenario or visualize “what happens if” situation has been helping decision makers to meet a challenge in solving many problems like flood mapping, rural development, watershed modeling and management, finding drinking water resources, development of new roads in hilly terrain, disaster management, spatial environmental planning, etc.

## Geoinformatics and Remote Sensing Cell

Geoinformatics and Remote Sensing Cell, Department of Higher Education, Science and Technology and Biotechnology, Government of West Bengal has established its credential as a pioneering organization in generating RS & GIS database for spatial information in various scales for land, water resources as well as various application areas for developmental planning activities. It has also undertaken several projects at National and State level to meet the needs of the various National level and State level Stakeholders. It has an energetic group of young specialists in the field of Remote Sensing and GIS and also has a large archive of data and satellite imageries. The cell is equipped with adequate number of latest Graphics Workstations, GIS, Image Processing and Photogrammetric software as well as sophisticated GPS instruments.

## One week Course on Advanced Geoinformatics

It has been observed that there is a growing need of application of Remote Sensing and GIS in various fields of study. Keeping that in view Department of Higher Education, Science & Technology and Biotechnology, Government of West Bengal has started offering various courses in Remote Sensing and GIS from the year 2008-09. During September 2018 a ‘**One week Course on Advanced Image Processing**’ will be organized. The objective of the course is to give an overview of the advanced Image Processing and demonstrate its application potentials. The Course is meant for Participants with prior knowledge of Remote Sensing and GIS. The course will provide knowledge to the professionals of various fields working under different Government Departments/ Organizations to apply these technologies in their respective fields and to facilitate the faculty members from academic institutions to impart better quality teaching on Remote Sensing & GIS at undergraduate, post-graduate and research levels. The courses are organised through West Bengal State Council of Science & Technology.

## Programme Schedule

24<sup>th</sup> September, 2018- 28<sup>th</sup> September, 2018.

## Course Content

1. Recapitulations of Basic concepts of Image Processing
2. Advanced Image Processing with different techniques of analysis
3. Applications of Image Processing

## Course Fee

Nil

## Admission procedure

1. A person in service in a Government Department/ Organization utilizing Remote Sensing and GIS or full time teachers from Government Sponsored College/ University teaching Remote Sensing and GIS with a Master's degree in any branch of Science or in Geography / Bachelor's degree in any branch of Engineering or equivalent duly nominated by his/ her employer may be generally considered for admission. However, preference will be given to the full time and permanent employees/ faculties preferably from science background.
2. **Candidates with previous knowledge of Remote Sensing and GIS should only apply.**
3. The selection will be made on the basis of merit depending on qualification and experience or by any other criteria fixed by the Academic Committee before the selection.
4. Application Form for the Course On Advanced Geoinformatics (One week duration) may be collected from Geoinformatics and Remote Sensing Cell, Department of Higher Education, Science and Technology and Biotechnology, Government of West Bengal, Bikash Bhavan (4th Floor), Salt Lake, Kolkata - 700091 from 25th July 2018 to 27th August 2018, between 11:30 AM to 4:00 PM. Photocopy of the application form may also be used.
5. Copy of the advertisement, information brochure and application form may be downloaded from [www.wbhed.gov.in](http://www.wbhed.gov.in), [www.vigyanchetana.in](http://www.vigyanchetana.in) websites.
6. Last date of submission of filled in application form duly forwarded by the nominating authority along with self attested photocopies of all the supporting testimonials is 27th August, 2018 (by 4 pm).
